| 5 |  | 7 |  | Pre-emptive |  | RKCB 41/30/2/2+Q. In many sequences where the response is $0 / 3$ aces and $p$ bid 5 -in fit we treat this as a question for the Q of trump conditioned on 3 A . We pass with 0 Aces and bid 6 -fit with 3 A without trump Q . If we surpassed 4 NT by cuebidding, 5NTbecomes RKCB. We use a lot of last train cue bids. In exclusion RCKB responses are 41/30/2/2+Q. Optional RKCB for minors in 4m, this is not conditioned only in fit. Rebidding 2nd suit at level 6 suggests alt. contract.
